

## **ST. LUKE'S UNIVERSITY HEALTH NETWORK MEDIA ALERT**

### **St. Luke's Lehighton Campus to Host Walk-in Vaccination Clinic**

St. Luke's Lehighton Campus is inviting the public to a four-day walk-in vaccination event. No appointments will be necessary.

The vaccine clinics will be held on the following days in the tent located in the employee parking lot across the street from the hospital's main entrance:

**Friday 4/30 - 10 am to 6 pm** (Pfizer, 16+ must be accompanied by a guardian or parent for consent purposes)

**Sunday 5/2 - 11 am to 3 pm** (Pfizer, 16+ must be accompanied by a guardian or parent for consent purposes)  
**\*\*FREE hot dogs, chips, and soda for vaccine recipients while quantities last.**

**Monday 5/3 - 10 am to 6 pm** (Pfizer, 16+ must be accompanied by a guardian or parent for consent purposes)

St. Luke's COVID-19 Vaccination Information: 1-866-STLUKES (785-8537), option 7 or visit our website [www.sluhn.org/vaccine](http://www.sluhn.org/vaccine)

St. Luke's Lehighton Campus currently has 2,000 vaccines available for the clinics, including Moderna and Pfizer. Walk-ins are first dose only, with vaccine booster appointments scheduled before you leave. Vaccines are available first come, first serve, as quantities are limited.

"Our goal this week is to get as many vaccines into arms as possible throughout the county," John Nespoli, President Lehighton and Carbon Campuses. "The vaccination process is as easy as possible for the community and no appointment necessary!"

"It's a great asset to the community," Rocky Ahner, Carbon County Commissioner. "St. Luke's has been a great health care partner in Carbon County. This is yet another example of that."

If you have any questions about the vaccine as it relates to your medical condition or situation, please speak with your health care provider before scheduling a vaccine appointment.
