**TECHNICAL DOCUMENTATION REVIEWS:**

Mr. Meixell explained that, basically, Franklin Township is mirroring Townships such as Towamensing, Lower Towamensing and Mahoning Townships with the proposed updated Ordinances. This is in conjunction with the Carbon County Comprehensive & Greenway Plan, The Middle Carbon County Comprehensive Plan
and the Palmerton Area Comprehensive Plan. He then presented the proposed draft ordinances to the CCPC Board.

1) **FRANKLIN TOWNSHIP: Draft Subdivision & Land Development Ordinance (SALDO)**
   Enacted 10/26/1993, as amended and restated in its entirety

   The aforementioned draft Franklin Township Subdivision & Land Development Ordinance (SALDO) was reviewed in accordance with the PA Municipalities Planning Code (PA MPC - Act 247 of 1968 as reenacted and amended). Mr. Meixell’s prepared response indicated that the amended/restated Franklin Township SALDO as proposed is consistent with current State and Local regulations. Therefore, Approval/Adoption is recommended. As is customary, his response also pointed out that Sections 505a/b of the PA MPC specifies what procedures must be followed for adoption of the Amended/Restated SALDO. In addition as required, Franklin Township was requested to forward an official signed copy of the Amended/Restated Franklin Township SALDO to the Carbon County Office of Planning & Development within 30 days after adoption/enactment for record purposes. The Township was also thanked for providing the CCPC with the opportunity to review and comment on the proposed document. A brief discussion ensued.

2) **FRANKLIN TOWNSHIP: Draft Zoning Ordinance**
   Enacted 01/22/1972, as amended and restated in its entirety

   The aforementioned proposed draft of the entire amended/restated Franklin Township Zoning Ordinance and revised Zoning Map was reviewed in accordance with the PA Municipalities Planning Code (PA MPC - Act 247 of 1968 as reenacted and amended). Mr. Meixell’s prepared response indicated that the amended/restated Franklin Township Zoning Ordinance and revised Zoning Map as proposed are consistent with current State and Local regulations. Approval/Adoption is recommended with one additional recommendation:

   (1) The Airport Overlay District as described in Article IV Section § 13 D. refers to the Franklin Township Airport Zoning Ordinance 91-6, as amended as applying to the Airport Overlay District. It is believed this zoning document is outdated and should be revised to current Federal, Bureau of Aviation and PADOT Standards.

As is customary, his response also pointed out that Section 609 of the PA MPC specifies what procedures must be followed for adoption of the Amended/Restated Zoning Ordinance and Zoning Map. In addition as required, Franklin Township was requested to forward an official signed copy of the Amended/Restated Franklin Township Zoning Ordinance and Zoning Map to the Carbon County Office of Planning & Development within 30 days after adoption/enactment for record purposes. The Township was also thanked for providing the CCPC with the opportunity to review and comment on the proposed document. A brief discussion ensued.
3) **PA DEP NPDES Individual Permit** – Planned Land Development – PA Solar Park II, LLC, Nesquehoning Borough, Carbon County *(File #3,442)*

The County Plan Information section was completed and returned to Lehigh Engineering Associates, Inc. by the deadline as requested.

4) **PA DEP NPDES Individual Permit** – PPL Aerial Utility Crossing (Lehigh River) – Siegfried – East Palmerton #1 & #2 138/69 kV Transmission Line Rebuild Project, Washington Township, Lehigh County; East Penn Township, Lower Towamensing Township & Palmerton Borough, Carbon County

Corresponding Land Use Letter with Appendix A was completed for the aforementioned project which indicated that the NPDES Permit Application is consistent with the goals and objectives outlined in the Carbon County Comprehensive & Greenway Plan.

After a brief review and discussion, the aforementioned responses are to be forwarded appropriately.
